## **Vision & Mission of the Department**

### **VISION**

To be a global leader in training research outreach and consultancy services. In areas which include post-harvest handling and value addition of food nutrition and dietetics, food safety and quality and natural resource sciences in order to realize sustainable and secure livelihoods.

### **MISSION**

To pursue, excel and maintain a world-class leadership role in the quest for knowledge by way of quality research, capacity building, consultancy and innovative outreach. This will enable us to contribute to food productivity and safety and secure livelihoods through sustainable value addition and natural resources management.

## **Highlights | What makes us different**

The immersive curriculum we provide is only a part of what we do. The popularity of our Food Science and Nutrition department arises from the hands-on experience we give our students throughout. A few highlights:

- **True-To-Industry Equipment**
- **Hospital internships and case studies**
- **New supplements development**
- **Advanced nutraceuticals and functional foods**

Our Food Science and Nutrition department is big on innovation and even bigger on initiative. We give our students great responsibility, and they make use of our world-class facilities to surprise us.

## **Achievements | Major events in our journey**

The Department Of Food Science and Nutrition fills an enormous gap in the field of food education, and has grown immensely since its inception. A few pit stops on our way:

2021

M.Sc. Food Science and Nutrition (2020-2022), have organized a nutrition outreach program on 30<sup>th</sup> November 2021, at Sannihitha-home for women and child welfare located at Bollaram, secunderabad.

2022

M.Sc. Food Science and Nutrition (2022-2023), have organized an Industrial Visit to IIMR (Indian Institute of Millet Research Rajendra Nagar, Hyderabad).
