### **FUNCTIONING OF CLUB-**

Student Clubs and Organizations are a great way for students to develop social, educational and leadership skills. Involvement in recognized student clubs and organizations at Loyola College allows students the opportunity to network, represent College and become engaged in service activities both on-campus and off campus. As per the Policy of Clubs, the Clubs will run twice a week based on the schedule designed. All students of clubs can come up with their own thoughts and ideas that make their clubs session more interactive. Each Club organises competitions internally within the Club.

The uniqueness of the Clubs in the Loyola Academy is that, along with the development of internal skills we also conduct the Clubs - Social Project i.e., Neighbourhood Programme to make understand students that Social Commitment towards Society should be part of Life. To appreciate the Students for their participation in Clubs we organize “**CLUBS DAY**” and award prizes for the Winners of the Clubs Competition. On the “**CLUBS DAY**”, the **CLUB of THE YEAR** award is given to the best Club of the Year.
