COLLEGE**

B. Com-Business Analytics

DEPARTMENT REPORT 2021-2022

**DEPARTMENT OF B.Com Business Analytics
REPORT on**

EVENT – “KAFFEE KLATSCH “FOR THE ACADEMIC YEAR 2021-2022

1. Title of the Event: “KAFFEE KLATSCH “

Department of B. Com Business Analytics has initiated “Kaffeeklatsch” in the academic year 2021-22. It was organized on 18th November 2021 in Inigo Hall in Loyola Academy. It is a formal panel discussion or Group discussion event. Group discussion is an important activity in academic, business, and administrative spheres. Here the exchange of ideas, thoughts and feelings take place through oral communication.

Objectives of the Event

The objective of a selection in “Kaffeeklatsch” (GD) is mainly to check your team playing skills. You have to understand the other persons’ point of view, while making your point and ensuring that your team reaches a solution or agreement that is both feasible and accepted by all team members. There are four major areas of evaluation in selection GDs: subject knowledge, oral communication skills, leadership skills and team management.

The Context

It is an effective tool in problem solving, decision making and personality assessment. GD skills may ensure academic success, popularity and good admission or job offer. Thus, it is important to be able to take part in a GD effectively and confidently. Participants should know how to speak with confidence, how to exhibit leadership skills and how to make the group achieve the goals.

Proceedings of the Event

The panel which normally comprises subject experts of the college will observe and evaluate the members of the team. The rules of the GD – the time limit, panel’s expectations etc. are explained after the initial introduction by the panel, soon after the topic or case to be discussed is given to the group members. The panel does not interfere during the discussion, it only observes. The panel at its discretion may provide some time to think over the topic or may ask them to start immediately. Each candidate is supposed to express their opinion either supporting or against the topic. The discussion carries on till the panel signals termination. It is left to the discretion of the panel to extend or cut short the given time.

The event started with the morning prayer, at 10 am. After the prayer, the judges of the event were welcomed. Kaffeeklatsch panel discussion was judged by the judges; Dr. Jacqueline Williams, Dean of commerce and Mrs. Alekhya, HOD of Dept. of B. Com Business Studies, under the supervision of Mrs. T. Swarna, HOD of Dept. of B. Com Business Analytics.

At 10:30 am, the Group discussion event started with 12 participants from different departments. The topic for the GD was “Digital Transformation”. All the participants gave their

best performance and expressed their ideas, knowledge, and feelings well. Through the GD, everyone presents their new insight and knowledge on the topic.

Finally, 3 participants won the prizes because of their wonderful performance and for talking out their thoughts in the best way possible.

After the results and prize distribution, at 1pm, the Guest lecture session started.

LEARNING OUTCOME :

The following qualities were nurtured among students:

- Team player
- Reasoning
- Leadership
- Flexible
- Assertiveness
- Initiative
- Creativity (out of the box thinking)
- Inspiring ability

B.COM BUSINESS ANALYTICS

REPORT ON NPTEL

For the academic year 2021-2022

Introduction

June
Exam:

Registered Students through Local Chapter are 38.

29 Students cleared the exam and received certificates.

For Jan 2017 Exam: Total Registered Students through Local Chapter are 14. All the students cleared the exam and received certificates.

Out of these students around 52 students appeared for the exam,43 cleared the exam and got certified in 10 courses

DEPARTMENT OF B.Com Business Analytics
REPORT on
GUEST LECTURE

Guest lecture session on

Career Guidance on Future prospects of Business Analyst

On 18th November 2021

A guest lecture was conducted by Department of B. Com Business Analytics on the latest analytical tools of Business Analytics and Business Intelligence, to give students an insight about the various tools used in Business Analytics and their application in the real-life scenario on 18-11-2021 from 1:00-3:0 p.m. in Inigo Hall, Loyola Academy, Secunderabad.

ABOUT THE SPEAKER

The session was conducted by the industry expert, Mr. Hari Tamada, Senior analyst at Infosys. Mr. Hari Tamada has over 12 years of diverse functional as Technical Architect and Business Analyst in Various MNC's like HCL, Infosys, Honeywell etc.

OBJECTIVE

The aim of the guest lecture series is to equip students with the latest theories and practices public speaking skills in the modern world.

LEARNING OUTCOME

The session included:

1.A brief introduction to Business Analytics.

Business Analytics refers to exploration and investigation of past business performance to gain insight and drive business planning. It focuses on developing understanding of business performance using data and statistical methods.

2. Types of Data Analytics:

a).Descriptive: This analysis answers the question “What’s happening in my business”. The simplest class of analytics, one that allows you to condense big data into smaller, more useful nuggets of information.

b). Diagnostic: This kind of analysis answers the question “why is it happening” and hence has the ability to drill down the root cause.

c).Predictive: Historical patterns are used to predict specific outcomes using algorithms and technology to predict “What’s likely to happen”

d).Prescriptive : Recommend actions and strategies based on challenger testing strategy outcomes so as to decide “What do I need to do next”.

3. Types of BI tools available in the market currently are:

The session included the Journey from Business Analytics to Business Intelligence and the various tools used in BI where it was told that Business intelligence is also called descriptive analytics while Business analytics is referred to as prescriptive analytics. Thus, the various tools available in BI are:

Tableau

Microsoft Power BI

SAS business intelligence

R

Pentahoetc

QlikView

Oracle Hyperion System

KISSmetrics

The session ended with the interaction between students and Mr. Hari Tamada who cleared every doubt that was asked about different career options, financial markets methodologies, approach based and technical aspects.

It was great learning for Business Analytics students as well as faculties resulting in a fruitful session

CONCLUSION

It was a really good experience learning this small trick with a big impact. It was very practical. The session was concluded by briefing the students on the future of Business Analytics and Careers in Business Analytics such as Data Scientists, Data Engineers, and Data Analysts.
