It is open to school and college students on voluntary basis as a Tri-Services Organisation, comprising the [Army](#), [the Navy](#) and [the Air Force](#), engaged in developing the youth of the country into disciplined and patriotic citizens. The soldier youth foundation in India is a voluntary organization which recruits cadets from [high schools](#), higher secondary, [colleges](#) and [universities](#) all over India. The cadets are given basic military training in small arms and drill. The officers and cadets have no liability for active military service once they complete their course.

The NCC in India was formed in 1948. It can be traced back to the 'University Corps', which was created under the Indian Defence Act 1917, with the objective to make up for a shortage of personnel in the Army.

The emblem of the NCC consists of 3 colours; red, dark blue and light blue. These colours represent the Indian Army, Indian Navy and Indian Air Force respectively. The 17 lotuses indicate the 17 directorates.

Range firing - is an important and compulsory training for all the NCC cadets. This is done so that the fear of firearms can be removed from the minds of the cadets. The art of shooting teaches precision, accuracy, co-ordination of body movements and confidence which helps to make a better person in public. Different shooting competitions are conducted so that cadets can develop the shooting skills. The handling of a rifle is done so that cadets can learn to handle a weapon for self-protection.

Obstacle course - In which the obstacles include 6-foot wall, zig-zag, double ditch, balancing, 3-foot bar, left bar, right bar, incline, etc. It is done after wearing full tactical gear with rifles.

Official Parade - We got all the basic training in the official parade practices like marching, ncc claps, salute, shouting commands, coordination, identification and execution of commands, etc.
