B) CAREER GUIDANCE TALK by TCS

Name of the event: Career Guidance Talk by TCS.

Date of event: 21st October 2022.

Organized by: Department of BSc Computer Science and Cognitive Systems

Venue: Loyola Hall.

Timings: 12:30 – 2:00.

Conference Summary

On 21st of October 2022 the department of BSc Computer Science and Cognitive systems organized an event named Career Guidance Talk by TCS (Tata Consultancy Services) which embodied the orientation, internship and placement talk for the all three classes of the department that is ACSC (1st year), NCSC (2nd year) and DCSC (3rd year).

The program was hosted by the class representative of DCSC Vamshi Reddy. Mr. Ravi Kumar, who is an academic relationship manager in TCS with 15 years of experience was present to facilitate the academic interface programme (AIP) from TCS. Mr. Ravi Kumar addressed the students with a few activities which were quite intriguing for the students and flashed about the computer science and cognitive systems course and its importance. The CSC course officially began in the year of 2018 to make students job ready in the IT field.

TCS has pledged to provide the enrolled students with different field projects and an internship along with the placements, Only the final year students are eligible to get placed in the company.

The process to get placed in any company:

Round 1: Aptitude test Round
2: HR Round Round 3:
Technical roundRound 4:
Manager round

Mr. Ravi also discussed about *Industry 4.0 project* which is a program that makes students to create new projects and to grow up with competition in thefield of technology.

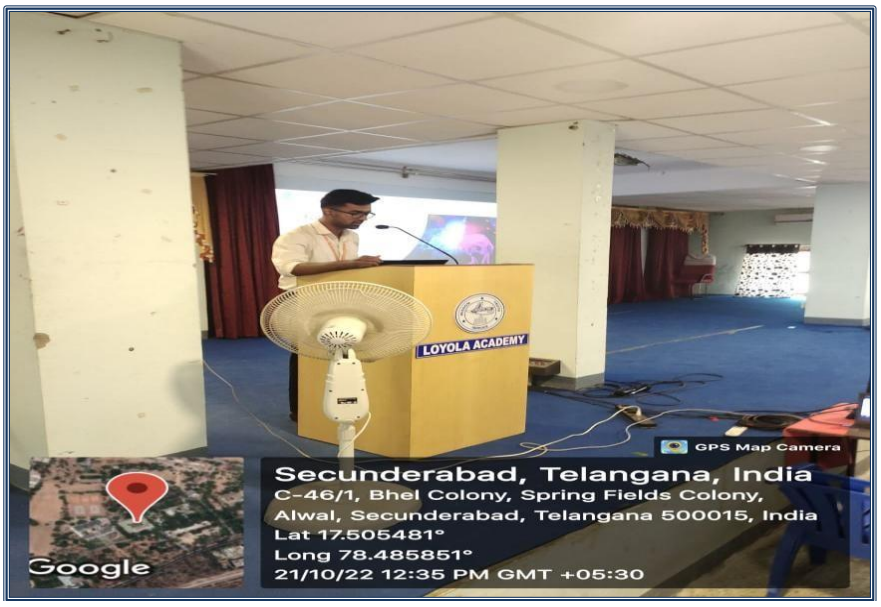

There will be 2 expert lectures from TCS organization in odd semesters by the completion of this three year course and technical lectures will also be provided.TCS encourages the enrolled students to join TCS but doesn't restrict either to opt for any other companies they desire to apply for.

The CSC course structure is designed in such a way to train and certify studentswith 9 core subjects of IT infrastructure along with several different skill- enhancement course. Our departmental lecturers are trained for a better view ofreal field concepts by experienced resource persons through TCS.Last but not the least after Ravi Kumar's talk, Question and Answer session started with students asking questions to the resource person regarding differentaspects of this course and its outcome, Most importantly Sir stated that a personwith qualities like *Knowledge, skills, and attitude* can crack and achieve anything.

The final year students had a talk in person with Mr. Ravi Kumar regardingplacements as the placements drive will start soon.

At the conclusion of the event, vote of thanks was given by Elizabeth Varsha (Event head of student council 22-23) from DCSC and the career talk by TCSorganized by BSC Computer Science and Cognitive Systems of Loyola Academy was a success.

C)COGNIVERSE:

Event of Cogniverse *06-03-2023*

Cogniverse was organized by the department of BSc Computer Science and Cognitive

Systems in Loyola Hall.

The fest started at 09:30 am casted till 2:50pm. All the students and teachers of BSc Computer Science and Cognitive Systems attended the fest. The principal of Loyola Academy Rev Fr Dr L. Joji Reddy SJ said that the seminar is organized for us to introduce

some noble knowledge, some latest knowledge that is possible and that's why Loyola Academy encourages every year to organize a seminar of this kind.

Principal father highlighted that he believes that students are not ordinary students, God has deposited so many talents in students minds and a seminar of this kind will only help us to bring out that knowledge.

Father claimed that sometimes some people will be waiting for the opportunity, some people will be waiting for the encouragement, some people will be waiting for the inspiration but whatever it maybe we have to take the inspiration from every one of them and become a role model.

Principal father gave an example that if an opportunity is given to us and we are asked to come out with our own ideas every one of us can create an industry

SUMMARY

Cogniverse was organised by the department of BSc Computer Science and Cognitive Systems in Loyola Hall. Guest lecture started at 10:20 am by Sri Krishna Chainulu Mirthipati and sir introduced himself saying that he is an alumnus of the Loyola Academy. From the past 15 to 20 years students of his juniors recruited in HCL, TCS, Verizon, Sutherland, and also mentioned that he came to Loyola Academy with a great vision and executed beyond vision what sir has. Sir graduated in Electronics Technology in 1995. Sir is passionate towards teaching and has spent of 6 to 7 years. And also sir teaches youngsters and then co-started the work with organizations like TCS, HCL, Verizon, Sutherland. Sir has the 20 years of experience.

Next Sir made the students to do an activity. Hall is divided into four groups and then we selected team leads among the all four groups. Now the students have to come up with an innovative product with in a time span of 15 minutes. Four groups have come up with great idea which was appreciated by chief guest sir Sri Krishna.

After the activity sir gave a brief introduction about ITIL (Information Technology Infrastructure Library), why it is used and benefits of ITIL with an example of Ola.

ITIL is a set of framework for ITSM (Information Technology service Management) that helps in aligning IT services with the requirements of a business. Sir explained Some of the benefits of ITIL are Reduced IT costs, Enhanced IT services, Improved productivity, Better management of business risk and service disruption, Improved customer satisfaction by delivering efficient services, Provides guidance to address service management challenges.

Then sir taught about what is ITSM by saying it focuses on organization IT services for customers, Emphasis value creation rather than just delivering process.

- Value- value for the customer
- Outcome
- Co creating value
- Managing specific risks and cost
- Value – value for the customer
  And then explained about ITIL V4 and its key elements
- organization and people
- information and technology
- partners and suppliers
- value streams and processes

and then sir explained about ITIL4, it helps all organization to deliver IT services using the most efficient methods and goal is to improve efficiency and achieve predictable service delivery.

And then explained about PESTEL,7 guiding principles of ITIL

- Focus on value
- Start where you are
- Progress iteratively with feedback
- Collaborate and promote visibility
- Think and work holistically
- keep it simple and practical
- Optimise and automate

ITIL v4 consists of 34 management practices to help organizations provide effective service delivery across the value chain. These are categorised in three groups

- General management service
- Technical management service
- Service management service

Next sir taught about Industrial Revolution and 4.0 which is a new phase in the Industrial Revolution introduce intelligent networking of machines for industry with the help of information communication technology. And explained about key technologies which include

- IOT (Internet of Things)
- advanced Robotics
- Augmented Reality
- Virtual Reality
- Artificial Intelligence
- Cloud computing
- Big Data,
- Cyber Security

Sir Sri Krishna summed up the lecture with Question and Answer session

14) PLANET

ACSC PLANET VISIT

It is a program where every year students from most of the departments of Loyola academy pay a visit to an orphanage. College gather money from students and they donate it to the orphanage. This year we the department of Bsc computer science and cognitive systems took the initiative to organize this planet program for our department. Where students from 1st year came forward and donated some fruits and cooldrinks to the orphanage.

We went to a physically disabled orphanage on 23rd February 2023 during college hours. We departed from college at 10 Am and reached our destination by 10:45 Am. We were accompanied by Stephen sir from college. As we reached Stephen sir has given an orientation on the situation of the people living there. After that we were asked to see the place , the people and the conditions in which they were living. There were more than 250 people living there with some or the other problem. Some of their mental condition was not good, some of them were physically handicapped, some of them can't even speak properly from kids to older people. After seeing them we can't express that feeling what we went through. It was so painful seeing them in such conditions. After seeing the place Students interacted with them. We met so many new faces. We danced, singed and clicked photos with them. Even after knowing that they have been abandoned by their families or didn't have home to go. They now considered this place as their home and there were so many happy faces because they are the family now. After interacting with the people, we distributed cooldrinks and fruits for all of them. Finally at around 12:45 pm we left that place and reached our college in college bus at 1:30 pm.

It was a beautiful program and we all enjoyed interacting with those people and getting to know them and their situation.

We thank our HOD mam, teachers and college for supporting us and making the program successful.

B) DCSC INDUSTRIAL TRIP FOR TCS

Industrial Trip Report

Name of the Trip: Industrial trip to Tata Consultancy Services (TCS)

Date of Trip: 27 February,2023

Location of the Trip: TCS Synergy park, Indian Immunologicals Colony, Gachibowli, Hyderabad, Telangana 500032

Number of Persons Attended: 51 (2- lecturers , 49- students)

Faculty Guidance: A. Varalaxmi and Harsha Shastry

Department: Bsc Computer Science and Cognitive Systems (DCSC)

Timings: 11:30 am – 4:30pm

SUMMARY

The department of Bsc Computer science and Cognitive systems (DCSC) of Loyola Academy Degree and PG college went to a Industrial trip to Tata Consultancy Services (TCS) on 27 of February 2023 .

Students were taken to the TCS organization's campus by the college bus under the supervision of their HOD A.Varalaxmi and class lecturer Harsha Shastry .The department reached the campus at 11:00 am and their was an security check up as they entered and was graciously received by Mr. Ravi Kumar.

Students were taken to a auditorium where a presentation was held to give insights about TCS as an organization, how it works, the career path and its diversity and how it standouts

as one among best IT companies. One such quality of TCS which is prominently remarkable, TCS doesn't fire their employees despite the fact their a recession period and a lay off's season for they train them to pull through new skills .

After the presentation there was a Question and Answer Session in which few of our students put forth their queries such as:

Q. The job prospect of a NOC/ Network engineer and will we join as a trainee or a associate? (by Daniel Alves)

Q. How can a person adapt to a project and technologies changes within TCS? (by Chandu Meghana)

Q. Is it possible to change departments and roles within the organization? (by Vamshi Reddy)

As the session ended students were given a snack break for 10 mins (12:30 – 12:40).

Next the activity session was led by Mrs. Tarangini (The Talent Development Team Head).

There were two other colleges Sri Chaitanya University from Warangal and Sidhartha Degree College who participated along with Loyola , The activity was "Two truths and One lie where Students were interactive to speak and tell about themselves and their colleges respectively .

Everyone was headed towards the cafeteria of TCS for lunch when the activity ended and the Organization's hospitality was shown through veg and non-veg dishes to the preference of each person and student.

After lunch students were taken back to the auditorium for the next activity which was hosted by Mr. Ravi Kumar. The activity was all about finding A-Z objects within ourselves in a group and which ever team gets the most valid points are the winners so, the students we subdivided and Loyola group 2 wins with most valid points. HOD was asked to pick up exceptional Students who are academically and co-curricularly doing well to acknowledge them, the Students were Chandu Meghana, Daniel Alves, Devansh Shrivastava.

And group picture was taken accordingly with TCS team.

The students finally were taken to overlook the workplace in the organization and the campus. At last, the students were dispersed and event was adjourned concluded.

This industrial trip to Tata Consultancy Services was a great learning and wonderful experience to the students by the presentations, interactions, activities and the corporate environment.
