

# B. Com Honours

## WHAT IS UNIQUE ABOUT LOYOLA'S B.COM HONOURS

B.Com Honours at Loyola is a comprehensive program designed to provide students with a deep understanding of commerce and its various facets. The curriculum offers a perfect blend of theoretical insights and practical applications, ensuring graduates are well-prepared to excel in the dynamic world of business.

**Comprehensive Curriculum:** Students gain expertise in core computer science subjects while also delving into the intricacies of Internet of Things technologies.

**Industry Integration:** The program emphasizes on-the-job training, internships, and industry visits, providing students with real-world exposure and ensuring they are up-to-date with current industry practices.

**Practical Learning:** Through workshops and hands-on projects, students receive practical exposure to IoT applications, enabling them to apply theoretical concepts in real-world scenarios.

**Exclusive Recruitment Opportunities:** Loyola organizes exclusive recruitment drives, connecting students with potential employers and enhancing their employability.

**Soft Skills Development:** The program focuses on enhancing students' analytical skills, teamwork abilities, and personality development, ensuring they are well-rounded professionals ready to excel in the workplace.

## About the Programme:-

The department of B. Com Honours is one of the most reputed courses of Loyola Academy. Right from its inception in 1991, the course has always been in high demand; in the years to come this will continue to be the same. The course curriculum is designed in such a manner that helps inculcate values like critical thinking, problem-solving assessment and other necessary 21st Century skills that are required by students. Alongside the main course, it also gives a competitive edge which helps students take on other future professional courses like CA, CMA, CPA, CFA and the list is never ending.
