

## **A REPORT ON VOICE 4 GIRLS (2023-2024)**

Voice for girls started in 2011 ,is an NGO that works with adolescent, marginalized girls and boys in India .Voice conducts activity based camps in government and low- cost private schools .Through these camps, adolescents acquire critical knowledge on critical topics such as health, safety, rights, future planning and self skills.

110 interns from Loyola academy underwent comprehensive training to educate marginalized adolescents. Following the training, interns were assigned to government residential schools across Telangana, where they conducted 10 day camps. These interns acted as catalysts for positive change, transforming schools into secure spaces that fostered learning, prosperity, and growth for all students.
