## **PRAYER TO GOD THE FATHER**

Our Father in heaven  
Holy be your name  
Your kingdom come  
Your will be done on earth  
As it is in heaven.  
Give us today our daily bread.  
Forgive us our sins  
As we forgive those who sin against us.  
Do not bring us to the test  
But deliver us from evil. Amen.

## **PRAYER TO LOVE & SERVE GOD**

Loving God! Teach me to be generous  
Teach me to love you and serve you as you deserve  
To give and not to count the cost  
To fight and not to heed the wounds  
To toil and not to seek for rest  
To work and not to look for reward.  
All I want to know  
Is that I do your most holy will.  
*(Prayer of St. Ignatius of Loyola)*

## **A TEACHER'S PRAYER**

O God, Enable me to teach with WISDOM  
For I help to shape the mind.  
Equip me to teach with TRUTH,  
For I help to shape the conscience.  
Encourage me to teach with VISION,  
For I help to shape the future.  
Empower me to teach with LOVE.  
For I help to shape the world.

#### 1. Eligibility to Appear for the Semester-End Examinations (SEE)

##### i. Attendance Requirements

A student is eligible to appear for the Semester-End Examinations (SEE) only if he/she has secured a **minimum of 75%** attendance. Failure to meet this requirement will result in the student being prohibited from appearing for the examination and he/she will be required to repeat the semester in the following academic year. Also, the student's name will be removed from the rolls for the subsequent semester in the academic year.

**Note: All fourth-year agriculture students must ensure a minimum of 85% attendance in the AELP Industry Internship and RAWEP programmes, as per academic requirements.**

In cases of serious illness or accident, a minimum attendance of 65% will be considered, provided **prior approval** has been obtained from the Principal/Vice-Principal. In such cases, a **Medical Certificate** from a registered medical practitioner, along with the relevant **prescription, hospitalization proofs** must be submitted on the first day the student returns to class. Such students will be condoned to appear for SEE, after paying the prescribed condonation fee. Minor ailments such as cold, cough, or fever will not be considered as valid reasons for reduced attendance. Late submission of medical certificates, or submission of certificates just before the SEE, will NOT be accepted.

**Note:** Attendance can be tracked through the ERP system. It is the **responsibility of both the student and the parent/guardian** to monitor it regularly. In case of any discrepancy regarding attendance, it is the responsibility of the student to get it rectified by contacting the HoD / Block In-charge / Vice-Principal / Dean concerned.

Marks for attendance:

Attendance Marks									
Percentage	Marks	Percentage	Marks	Percentage	Marks	Percentage	Marks	Percentage	Marks
75.1 TO 77.5	01	80.1 TO 82.5	03	85.1 TO 87.5	05	90.1 TO 92.5	07	95.1 TO 97.5	09
77.6 TO 80.0	02	82.6 TO 85.0	04	87.6 TO 90.0	06	92.6 TO 95.0	08	97.6 TO 100	10

The marks for attendance, as outlined above, are scaled down to 4 marks for the final computation in the Continuous Internal Assessment (CIA).

## ii. Marks requirement in Continuous Internal Assessment (CIA)

A student shall be eligible to appear for the Semester-End Examinations only if he/she has secured a **minimum aggregate of 40% marks** in the total Continuous Internal Assessment (CIA) of all subjects, including practical examinations. Continuous Internal Assessment (CIA) accounts for 40 marks, and Semester-End Examination (SEE), accounts for 60 marks of the overall score. The Mid-Semester Examinations are conducted for 2 hours duration, while the Semester-End Examinations (SEE), both Theory and Practical, are conducted for 3 hours each. Under the CIA, there are two Mid-Semester Examinations, a Case Study / Group Discussion / Multiple-choice Questions (MCQ's), Assignment, Seminar /Viva-voce, and Attendance.

The division of marks for the CIA components is as follows:

### CIA Components for all UG Programmes (Theory): (40 Marks)

Component	Marks Allotted	Component	Marks Allotted	Component	Marks Allotted
Mid-Semester I	12.5	Case study / Group discussion/ presentation	05	Viva/Seminar	03
Mid-Semester II	12.5	Assignment	03	Attendance	04

### CIA Components for all UG Programmes (Practical) Total Marks : 40

Component	Marks Allotted	Component	Marks Allotted
Attendance	05	Practical skills acquired	10
Observation / record book	05	Pre-final Practical (3 hours)	20

A student is declared to be passed if he/she gets a total of 40% of the total marks in both CIA and SEE put together.

**iii. Examination Registration requirement:** To appear for the Semester End Examinations (SEE), students must register for all required subjects-both theory and practical, whether regular or supplementary, through the ERP portal and pay the examination fees on or before the announced date. If a student fails to complete the registration or fee payment, he/she will not be allowed to attempt the Semester-End Examinations.

Students who do not have access to the ERP portal, for any reason, should register for the examinations by approaching the CoE office.

## **2. Semester-End Examinations (SEE)**

Under normal circumstances, the Semester-End Examinations (SEE) are held in October/November for odd semesters and in March/April for even semesters each academic year. The Semester-End Examinations (SEE) account for 60% marks in the total score of the course.

## **3. Passing Criteria for a course in a semester**

**Theory course:** A student is considered to have passed a theory course if he/she achieves a minimum of 40% in the combined total of the Continuous Internal Assessment (CIA) and the Semester End Examination (SEE) for the course. Additionally, the student must obtain at least 40% of the total marks in the Semester End Examination.

**Practical course:** A student is considered to have passed a practical course if he/she achieves a minimum of 40% in the combined total of the Continuous Internal Assessment (CIA) and the Semester End Examination (SEE) for the course. Additionally, the student must obtain at least 50% of the total marks in the Semester End Practical Examination.

## **4. Rules for Promotion to the following semester**

**i. Backlog Limit for Yearly Promotion:** To be eligible for promotion to the subsequent year, students must have not more than 50% of their courses pending (backlogs) in the current academic year (Theory and Practical, Semesters I & II put together).

**ii. Eligibility for Promotion to Third Year / Fourth Year:** To be eligible for promotion to the Third Year, students must successfully passed all courses of the First Year (Theory and Practical, Semesters I & II). In addition, students must have not more than 50% of their courses pending (backlogs) in the second year (Theory and Practical, Semesters III & IV). Similarly, for 4-year programmes, to be eligible for promotion to the Fourth Year, students must have successfully

passed all courses of the Second Year (Theory and Practical, Semesters III & IV). In addition, students must have not more than 50% of their courses pending (backlogs) in the third year (Theory and Practical, Semesters V & VI).

### **RULES OF PROMOTION TO FOLLOWING SEMESTERS:**

<b>Semester I to Semester II</b>	a.	Regular Course Work in 1 <sup>st</sup> Year - Semester I
<b>Semester II to Semester III</b>	a.	Regular Course Work in 1 <sup>st</sup> Year - The number of backlogs, if any, in 1 <sup>st</sup> Year - Semesters I & II - shall not exceed 50% of the courses prescribed for the I Year – Semesters I & II
<b>Semester III to Semester IV</b>	a.	Regular Course Work in 2 <sup>nd</sup> Year - Semester III
<b>Semester IV to Semester V</b>	a.	Clear all courses in 1 <sup>st</sup> Year - Semesters I & II (both Theory and Practical)
	b.	Regular Course Work of 2 <sup>nd</sup> Year - Semester IV
	c.	The number of backlogs, if any, of 2 <sup>nd</sup> Year – Semesters III & IV shall not exceed 50% of the courses prescribed for 2 <sup>nd</sup> Year - Semester III& IV
<b>Semester V to Semester VI</b>	a.	Regular Course Work of 3 <sup>rd</sup> Year - Semester V
<b>Semester VI to Semester VII</b>	a.	Clear all courses in 2 <sup>nd</sup> Year - Semesters III & IV (both Theory & Practical)
	b.	Regular Course Work of 3 <sup>rd</sup> Year - Semester VI
	c.	The number of backlogs, if any, of 3 <sup>rd</sup> Year – Semester - V & VI shall not exceed 50% of the courses prescribed for 3 <sup>rd</sup> Year - Semester V & VI
<b>Semester VII to Semester VIII</b>	a.	Regular Course Work of 4 <sup>th</sup> Year - Semester VII, i.e. students must complete both Industry Internship and RAWEP (for Agriculture students).

**Note:** In instances where the total number of subjects (including both Theory and Practical) in an academic year is an odd number, the minimum requirement for promotion to the next academic year concerning the clearance of 50% of the total subjects will be calculated by rounding down to the lower whole number. For example, if the total number of subjects in both semesters of an academic year is 19, a student must pass at least 9 subjects to be eligible for promotion to the next academic year.

**5. Supplementary (Backlog) Examinations:** Students who fail in any subject in any semester may appear for supplementary examinations only in the subsequent even semesters, after having registered for the examinations and paid the examination fee. No supplementary examinations are conducted in the odd semester.

**6. Maximum duration for Programme Completion:** The maximum duration for completing a program is as follows:

- i. For a 3-year degree program: 3 years, with an additional 2 years allowed as an extension (total 5 years).
- ii. For the 4-year B.Sc. Agricultural Science program: 4 years, with an additional 2 years allowed as an extension (total 6 years).

Students who fail to complete their course within the maximum allowed duration will lose their admission and will not be eligible to appear for any further examinations.

**7. Instant Examination:** Final-year students who have only one backlog (theory or practical) in their final semester are eligible to appear for an *Instant Examination*. This provision offers a one-time opportunity to clear the failed course immediately and avoid any delay in graduation.

Eligibility is restricted to students appearing for the first time in Semester VI of their respective programs (Semester VIII for B.Sc. (Hons.) Agriculture), with no more than one backlog in the final semester. The Instant Examination is conducted after the supplementary examinations and the declaration of all results, including revaluation.

**8. Revaluation** Students who wish to have their Semester-End Examination answer scripts revaluated can do so by registering for the revaluation and paying the prescribed fee after the publication of results, within the prescribed time. The payment of fees for revaluation should be done in a single transaction for all the courses for which revaluation is applied.

Students who do not have access to the ERP portal, for any reason, should register for the revaluation by approaching the CoE office.

**No re-evaluation** will be permitted for Continuous Internal Assessment components, practical examinations, projects, internships and non

CGPA Certificate Courses (NCCC).

**No re-examination** will be conducted for students who are absent during the Semester-End Theory or Practical examinations under any circumstances.

- 9. Re-Examinations for Mid-Semester Examinations:** In principle, there is no provision for re-mid examination. However, under extraordinary circumstances such as an accident, grave illness, or death in the family, and for other genuine reasons, the Principal/Vice-Principal may, at his discretion, decide whether to permit the re-examination on a case-by-case basis.

In such extraordinary situations, the Principal or Vice-Principal must be informed immediately, and a written permission for the student's absence from the examination must be obtained. The decision of the Principal/Vice-Principal is final and binding.

To apply for a re-examination, the student, along with their parent or guardian, must approach the Vice-Principal with all necessary supporting documents. The Vice-Principal, in consultation with the Dean and the Head of the Department concerned, will analyse the case and forward it to the Principal. The Principal will take the final decision on whether to permit the re-examination and communicate the same to the Controller of Examinations on a case-by-case basis.

- 10. Malpractice During Examinations:** Engaging in any form of malpractice or violating the examination rules and regulations will result in serious consequences, including the cancellation of the examinations.
- 11. Grading:** Under the Choice-Based Credit System (CBCS), providing the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) system have been in effect since the academic year 2016–17. Calculation of SGPA and CGPA is based on grading. Detailed method of computing is given in the college handbook.

# LOYOLA ACADEMY

## **VISION:**

To form men and women for and with others through integral education which imparts academic excellence, spiritual growth, social conscience, and ethical leadership.

The Philosophy of the Vision of Loyola Academy:

1. Loyola Academy evolves a process of learning based on the exercises that begin with freeing persons from biases and guiding one to make life's choices through discernment.
2. Excellence in education is not just the accumulation of knowledge by memory but a deeper understanding that makes a student wiser than knowledgeable.
3. Students are called to do their very best and to always strive for personal excellence in all aspects of life – intellectual, emotional, moral, and physical. This personal excellence leads to concern for others. It is love in service to the people on the periphery.
4. The Ignatian tradition guides a formative process in and through teaching, learning and governance that emphasize the awareness of God's active presence in human life in a positive and life affirming ways.
5. Self, God, others, and Nature altogether form a quadratic locus in which the learner forms his/her personality that influences social change.
6. The Leader in Ignatius tradition offers a paradigm for making choices through discernment in a spiritual context, between several possibilities, all of which are potentially good.

## **MISSION:**

To mould our students as Global Citizens with competence, Conscience and compassionate commitment. Preferential focus is on rural, socially, and economically underprivileged students.

## **Philosophy of Mission:**

The education of men and women of competence, conscience, commitment and compassion is imbued with the desire to seek all things for the greater glory of God, representing the enduring aspiration of Loyola Academy.

The 4 "C"s of the Mission Statement are :

1. COMPETENCE
2. CONSCIENCE
3. COMMITMENT
4. COMPASSION

## **OBJECTIVES:**

We fulfill this Vision-Mission

- through a more integrated formation in academics and spirituality, as well as through value-based training and social commitment;
- by creating an ambience for *Ignatian Pedagogical Paradigm*, namely "Learning, Experience, Reflection, and Action" and by implementing the following:
  - Developing in students, knowledge as well as skills
  - Guiding them to grow in wisdom and harmony
  - Nurturing in them a deep sense of right values
  - Directing them in fostering healthy relationships
  - Celebrating with them diverse forms of faiths and culture
  - Forming them to be holistic persons
  - Motivating them to become aware of the socio, cultural, religious, economic and environmental realities, locally and globally, and to respond to them creatively and constructively.

## **Five Elements of Ignatian Pedagogy**

### **Context**

Since human experience, always the starting point in a Jesuit education, never occurs in a vacuum, educators must know as much as possible about the actual context within which teaching and learning take place.

Teachers need to understand the world of the learner, including the ways in which family, friends, peers and the larger society impact that world and affect the learner for better or worse.

### **Experience**

Teachers must create the conditions whereby learners gather and recollect the material of their own experience in order to distil what they understand already in terms of facts, feelings, values, insights and intuitions they bring to the subject matter at hand. Teachers later guide the learners in assimilating new information and further experience so that their knowledge will grow in completeness and truth.

### **Reflection**

Teachers lay the foundations of learning by engaging students in skills and techniques of reflection. Here students use memory, understanding, imagination and feelings are used to grasp the essential meaning and value of what is being studied, to discover its relationship to other facets of human knowledge and activity and to appreciate its implications in the continuing search for truth.

### **Action**

Teachers provide opportunities that will challenge the imagination and ignite the will of the learners to choose the best possible course of action from what they have learned. What they do as a result under the teachers' direction, while it may not immediately transform the world into global community of justice, peace and love, should at least be an educational step towards that goal even if it merely leads to new experiences, further reflections and consequent actions within the subject area under consideration.

### **Evaluation**

Daily quizzes, weekly or monthly tests and semester examinations are familiar instruments to assess the level of mastery of knowledge and skills achieved. Ignatian pedagogy, however, aims at evaluation which includes but goes beyond academic mastery to the learners' well-rounded growth as persons for others. Observant teachers will perceive indications of growth or lack of growth in class discussions and students' generosity in response to common needs much more frequently.

## ORIGIN AND GROWTH OF LOYOLA ACADEMY

Loyola Academy (LA) is managed and administered by the “Loyola Academy Society, Hyderabad” belonging to the members of the Society of Jesus.

The Society of Jesus is an International Catholic Religious organization of men founded in 1540 by **St. Ignatius of Loyola**. These religious men, popularly known as “**Jesuits**,” are about 17,000, spread all over the world, of whom over 4000 are working in 20 provinces and 2 regions of India. In Telangana and Andhra Pradesh states alone, about 220 Jesuits are working in Schools and Colleges, Youth and Social Service centres, Spirituality and Counselling centres and in Parishes and Missions of the Catholic Church.

LA was founded by **Rev Fr TJ Baliah SJ** in 1976 with Intermediate Courses, also offering an Associate Degree in Chemical Technology. It then developed into a Degree (1978) and PG (1993) College. LA is situated in Old Alwal, Secunderabad, Telangana, India.

LA is blessed with a fairly spacious campus of 132 acres, 38 guntas of land, with playfields and a research farm. It is affiliated to the prestigious Osmania University. LA Degree College was granted autonomous status in 1992 by the University Grants Commission. The same autonomy was granted to the PG College in 2010 by the Osmania University. Appreciating the achievements and qualitative pursuit of higher educational needs, the UGC has awarded LA a rare status known as a “**College with Potential for Excellence**” (CPE) in the year 2008 and has also extended CPE phase II projects in the year 2015.

In addition to this, National Assessment and Accreditation Council accredited this college in the year 2005 and re-accredited in 2011, and for the second time, awarded ‘A’ grade (3.50 out of 4.00 CGPA), in recognition of its excellent contribution to the cause of higher education.

LA re-accredited with ‘A’ Grade by NAAC for III cycle in the academic year 2019-2020, was also granted an extension of autonomous status for another five years (2019-2024). Besides, it is thrice a NIRF ranked college.

## **JESUIT EDUCATION FOR TRANSFORMATION OF PERSONS & SOCIETY**

### **THE WORLD VISION OF THE JESUITS**

#### **1. Dedication to Human Dignity from a Jesuit Faith Perspective**

- Men and women are created in love to reflect the wisdom and goodness of God.
- The continued presence of Jesus Christ's Spirit enhances human dignity.
- Men and women are
  - o enfolded in God's care and compassion
  - o offered companionship as brothers and sisters and
  - o empowered to complete the compassionate mission of Jesus Christ on earth
- Jesuits believe that their colleagues from other religious and ethical traditions share this dedication to human dignity and work for its implementation.

#### **2. Reverence for and an Ongoing Reflection on Human Experience**

- A Jesuit College must be a place of intellectual honesty, pluralism, and mutual respect/reverence
- Reverence was pivotal for St. Ignatius of Loyola, reverence for him was an attitude of regard
  - before the majesty of God and
  - for all that God has created both as a gift from God and as a way to God's presence
- The Jesuit ideal of seeking and finding God in all things is inspired by this sense of reverence
- This ideal
  - promotes a rigorous yet sensitive attention to the demands of the professions and of technology
  - exults in the world of creative energy in literature and music, in art and theatre, in business and in the sciences
  - engages the world both locally and globally

#### **3. Creative Companionship with Colleagues**

- The contemporary Jesuit College is committed to creating a community of dialogue and service

- Service signifies a mutual willingness among faculty, staff and administration to enhance the entire environment of learning and service within the college community and between it and the world outside

#### **4. Focused-Care for Students**

- At the heart of the Jesuit educational ideal is community care for the integral development of the students
- Everyone - faculty, staff, administration, and board members—play a significant role in student development
- In their relationship with students, faculty and staff inevitably model what they value
- In communicating those values, they act as mentors to their students
- The following student-concerns demand our attention and response:
  - the pursuit of wisdom and competence
  - the quest for psychological maturity and spiritual depth
  - the desire for ethical grounding and
  - the challenge of social solidarity and global awareness

#### **5. Well-Educated Justice and Solidarity**

- Justice, primarily, is God's saving action for men and women
- Each Jesuit College must examine its own social environment, including its own commitment to justice and solidarity
- Solidarity with the rest of the human race means
  - working together as a human family to meet effectively the challenges of worldwide hunger, ignorance, disease, and violence;
  - extending of care to those who are close at hand and who have been ignored or abandoned within our society; and
  - a commitment to change the economic, political, and social structures that enslave, dehumanize, and destroy human life and dignity.
- More and more Jesuit institutions provide supervised opportunities for their students to meet and to learn from people from other economic and social groups through :
  - community service,
  - love for environment,
  - service-learning projects,
  - immersion experiences and
  - faculty-student research projects.

# ST. IGNATIUS OF LOYOLA

(1491-1556)

Founder of the Society of Jesus  
Student & Teacher - Soldier & Saint

## Passion for Life

Íñigo López de Loyola was born in the Basque Country, Spain, in 1491. The youngest of 13 children, Íñigo López was brought up by María de Garín, the local blacksmith's wife, after his own mother died soon after his birth. He later became a page in the service of a relative, Juan Velázquez de Cuéllar, treasurer of the kingdom of Castile. As a young aristocrat, Ignatius had a "love of martial exercises and a vain glorious desire for fame." At this period he framed his life around the stories of adventures. Joining the army at seventeen he strutted about "with his cape slinging open to reveal his tight-fitting hose and boots, a sword and dagger at his waist."

## Grit and determination in times of adversity

His diplomacy and leadership qualities made him very useful to Duke Antonio Manrique de Lara. Under the Duke's leadership, he participated in many battles without injury. But when a French-Navarrese army stormed Pamplona's fortress on May 20, 1521, a cannonball wounded one of his legs and broke the other. He was thirty, then. Soldiers carried the wounded Íñigo to his ancestral home to recuperate from wounds received in the battle. He was very concerned about the injuries and had several surgical operations, which were very painful in the days before anesthetics.

## Passion for reading leads to a desire to change

During his days of recovery he asked for books on chivalry, his favorite reading, but there were no such romances in the Loyola castle in Spain. Instead he was given the only books in the house: the "Life of Christ" and a collection of the "Lives of the Saints." Íñigo set about reading them: as he continued to read these books, he continued to reflect. He asked himself "If St. Francis could do this, why not I? If St. Dominic could do this, why not I?" The more he reflected, the more did God become the centre of his life. His injury at Pamplona was God's way of telling him that He wanted him in the service of Jesus Christ, the eternal King.

### **A romantic knight, now a passionate Pilgrim of God**

By March 1522, Iñigo's right leg was sufficiently healed for him to put his plan into action. Every knight in his time would stand guard at the door of his lady-love. For Inigo it would no longer be the earthly ladies. On 24 March he went to Mother Mary's altar at Montserrat, and spent the whole night in a vigil of arms, kneeling or standing before her. At dawn he offered his sword and dagger to Our Lady, hanging them on the chapel wall. He gave the fine clothes he was wearing to a beggar and clothed himself in his sackcloth-tunic. A romantic knight now became a passionate Pilgrim of God.

### **A docile Student of the 'school-master' God**

Iñigo became God's student. On his way to Barcelona he stopped at Manresa, a town on the banks of the river Cardoner. There he spent ten months in total communion with God. He spent seven hours a day in prayer in a cave he had discovered. For several hours a day he helped the sick in the hospital of St. Lucy. God – he says – was like a school master teaching him step by step. He read other spiritual books, among them the "Imitation of Christ," a book which he always esteemed. Whenever a passage from his reading particularly struck him, he jotted it down in the notebook he carried. In the same note book he recorded his meditations and the illuminations he received in prayer. It was from this little book that his famous Book of Meditations, called the "Spiritual Exercises," would later emerge.

### **Passion to live and work in his Master's Holy Land**

Iñigo visited the Holy Places in the ancient city of Jerusalem. He prayed and walked on the streets where Jesus his Master had walked. Since he was unable to remain in the Holy Land, Iñigo, now thirty-three years old, had to chart his future anew. His only desire was to help people to come closer to God; so he decided to study for the priesthood. At the age of 34 he began to study Latin grammar, sitting in class with young boys.

### **Passion to lead people to God makes him a dedicated Student**

When he had finally mastered the elements of Latin, he moved to the renowned University at Alcalá. In that great University City Iñigo gathered students and

grownups about him, speaking about prayer and explaining to them the meaning of the Gospels, St. Paul, the Ten Commandments, and so forth. As some complained that he was not qualified enough to teach others about God, Iñigo went to Salamanca to continue his studies at its famous university. From there, at the age of 38, he went to Paris and for seven years studied there: Latin grammar, philosophy and theology. To support himself during these years he spent two months each summer begging for money from the rich Spanish merchants and saving it for the rest of the year.

### **A Magnetic Personality attracts many good student-friends**

In Paris he shared a room with Peter Faber and Francis Xavier. His magnetic personality attracted many young students to him. James Laynez, Alphonsus Salmeron, Nicholas Bobadilla and Simon Rodrigues joined him soon. He was for them a friend, philosopher and spiritual guide. With three more (Claude LeJay, Paschase Broët, and John Codure who came later), Ignatius would start the 'Company of Jesus' in 1540 to love God and serve humanity.

### **A Teacher and Educationist with a heart for the downtrodden**

When Iñigo received his Master's degree at Eastertime in 1534, the university Latinized his name, and thenceforth he used the name **Ignatius**. He continued to teach the lettered and the unlettered, the rich and the poor, elders and children. He taught them about God, religion and prayer and cared for the sick in hospitals.

Iñigo was also attuned to the needs of the people around. He established the House of St. Martha to attend to needs of the battered women. He built a home for young girls who were especially in danger of being exploited. He founded an orphanage for those who lost their parents. He built a house for those who came in search of Christ.

He started the Roman College in 1551 as a model for all Jesuit colleges throughout the world. In 1552 he opened a college in Rome for seminarians to prepare themselves better to preach Christ.

### **Ignigo, Ignatius, becomes St. Ignatius of Loyola**

Ignatius died on 31 July, 1556. When the body was made ready for visitors, there was a long line of Cardinals, Bishops and Priests, of Rome's nobility and Rome's poor, all coming to kiss the holy venerable hands of the Founder of the Society of Jesus. He was declared a Saint by the Church in 1622. The day he died and went home to Jesus, whom he loved dearly, is celebrated as his Feast Day.

## NATIONAL SERVICE SCHEME (NSS)

The University Grants Commission recommended the introduction of national service in academic institutions not only to develop healthy contact between students and teachers but also to establish a connection between campus and the community. Officially, the National Service Scheme (NSS) was launched on September 24, 1969, on the occasion of the Centenary Birth Anniversary of 'Father of the Nation' – Mahatma Gandhi in 37 universities across India by involving 40,000 volunteers. The primary objective of NSS is to develop the personality and character of the youth through voluntary community service. Currently, the NSS has been implemented in 396 universities, polytechnic colleges and 47 councils of intermediate colleges/+2 level schools with 3.8 million student volunteers. NSS is managed by the Union Ministry of Youth Affairs and Sports in collaboration with the Union Ministry of Education.

Understanding the community, identifying the needs and problems of the community and involving students in problem-solving, developing a sense of social and civic responsibility, utilizing their knowledge in finding practical solutions to individual and community problems, developing the competence required for group-living and sharing of responsibilities, gaining skills in mobilizing community participation, acquiring leadership qualities and democratic attitudes, developing the capacity to meet emergencies and natural disasters and practice national integration and social harmony are the main objectives of NSS. Loyola Academy motivates and encourages students to volunteer and participate in NSS in a big way to impart social responsibility and national integrity.

## ACADEMIC INFORMATION

The academic year consists of two semesters. At the undergraduate level, the curriculum is spread over three years, except B.Sc. (Hons.) Agriculture, which lasts for four years. The duration of a semester is approximately 16-18 weeks, each consisting of six working days with a day order schedule having six hours per day.

In the academic year 2016-17, the college introduced the Choice-Based Credit System (CBCS). All the degree students are expected to earn a minimum of 135 Credits for the completion of the Undergraduate Degree Course. Besides these credits, they should also put in 30 hours of social service under PLANET Programme. Students are also encouraged to get certificates by involving themselves in NSS/NCC/SPORTS & GAMES/AICUF/ Women's Cell, etc.

The third semester students, besides undergoing the regular curriculum, also choose one Generic Elective across all the streams. These career oriented courses will make them more employable after completing their respective Degree Programmes.

In order to make the students research-oriented, all the final year students are mandated to undertake a Project Work and submit their Dissertation as well as take a Viva Voce. All these components of the Degree Curriculum under the CBCS have to be completed before one gets one's Undergraduate Degree.

### NON-CGPA CERTIFICATE COURSES

- As per the requirements of CBCS, every student has to complete 2 Non CGPA Certificate Courses (NCCC). These courses are offered in addition to the regular courses of the college and are not part of the regular course syllabus.
- Besides the college fee, students will be charged a fee for each Skill Enhancement Certificate Course (SECC) depending on the nature of the course and the resource person (trainer / expert / specialist) needed.
- A minimum of 75% of attendance is mandatory to appear for the final NCCC Exam.
- A student possessing 65% or less attendance with / without medical certificate is not eligible for appearing for NCCC final exam. There is no re-valuation for NCCC Courses.

- If a student was withheld from due to shortage of attendance he / she has to enroll in the certificate course of their choice, not necessarily the previous certificate course, by paying the requisite fee again and attend the classes regularly before he / she completes the degree.

## EXAMINATIONS AND EVALUATION

The College follows a structured evaluation system that combines Continuous Internal Assessment (CIA) and Semester-End Examinations (SEE), with a weightage ratio of 40:60. This dual approach ensures ongoing academic engagement and comprehensive end-term evaluation.

CIA consists of Weekly Tests which are organized by the concerned departments through creative assessments, Assignments, Seminar/Viva Voce and Mid Semester examinations as part of Theory.

To have continuous assessment, two Mid semesters are conducted in a semester. CIA consists of practical (laboratory work etc.) too. The students' regularity, as indicated by attendance, will also be considered for CIA.

The SEE will be in the form of a comprehensive written examination for each course at the end of the semester and most of the subjects have a practical examination also.

The question papers for these examinations will be set by experts chosen from outside the college and answer scripts will be evaluated by external examiners.

Supplementary examinations will be conducted only at the end of even semesters.

### DIVISION OF MARKS

CATEGORY	MARKS
INTERNAL EXAMINATIONS (CIA)	40
EXTERNALS (SEMESTER END EXAMINATION) SEE	60
TOTAL	100

**1. Continuous Internal Assessment (CIA):** CIA aims at motivating students to attend the classes regularly so that academic performance may be improved. The division of Marks for the CIA components of **theory courses** is as follows:

#### COMPONENTS OF CIA (THEORY)

Component	CIA Weightage for 40 Marks
Mid Semester Examination-I (MSE-I)	12.5
Mid Semester Examination-II (MSE-II)	12.5
Group Discussions/Case Study/MCQ's	05
Assignment	03
Seminar/Viva-Voce	03
Attendance	04
<b>Total</b>	<b>40</b>

The division of marks for the CIA components of **practical courses** is as follows:

### COMPONENTS OF CIA (THEORY)

Component	Marks Allotted
Attendance	05
Observation / Record Book	05
Practical Skills Acquired	10
Pre-final Practical (3 hours)	20
<b>Total</b>	<b>40</b>

i) **Mid-Semester Examinations (MSEs):** Two Mid-Semester Examinations will be conducted each semester. The timetable will be published in advance and communicated to all departments. Heads of Departments (HoDs) are responsible for informing both faculty and students, and for reporting any discrepancies to the Controller of Examinations (CoE).

MSE-I will generally cover the first 2½ units of the syllabus, while MSE-II will cover the remaining 2½ units. Each examination will have a duration of 2 hours and a maximum of 50 marks, which will be reduced to 12.5 marks for the computation of CIA marks.

ii) **Group Discussion/Case Study/MCQs:** One of these three assessment components will be assigned by the respective faculty members approximately one month after the commencement of the semester. The topic or task, which is related to the syllabus, will be communicated to students well in advance. The faculty will specify a submission or completion date, in accordance with the deadline mentioned in the academic almanac for submitting assignment marks to the Controller of Examinations (CoE) office.

iii) **Assignment:** Assignments are given approximately one month into the semester on topics relevant to the syllabus. The topics will be communicated in advance, and the subject lecturer will set the submission date in line with the almanac deadline for submitting marks to the CoE office. Students are required to submit a paper not exceeding five pages. The assignment may reflect their original work, perspective or understanding of a specific topic, or incorporate recent developments related to the topic. A broad and diverse list of relevant topics should be provided, enabling students to choose one or more topics based on their interest.

iv) **Seminar / Viva-voce:** Based on the discretion of the course lecturer and in consultation with the Head of the Department, either a seminar or a viva voce may be conducted as part of the internal assessment. These evaluations are to be scheduled after the first mid-semester examination and before the second. In the case of a **seminar**, each student is expected to deliver a presentation not exceeding 5 minutes to the class, demonstrating their understanding or original insights on a concept related to their assignment. In the case of a **viva voce**, a one-on-one oral examination of approximately 5 minutes will be conducted, based on the student's submitted assignment.

v) **Regularity / Attendance:** At Loyola Academy, every student is expected to attend all classes and maintain 100% attendance. A student will be eligible to appear for the Semester-End Examinations only if he/she secures a minimum of 75% attendance. Failure to meet this requirement will result in the student having to repeat the semester in the following academic year, and his/her name will be removed from the rolls for the subsequent semester.

In cases of serious illness or accident, students with attendance between 65% and 75% may be considered for condonation, provided prior permission has been obtained from the Principal/ Vice-Principal. In such cases, a **Medical Certificate** from a registered medical practitioner, along with the relevant **prescription, hospitalization proofs**, must be submitted on the first day the student returns to class. Such students will be condoned to appear for SEE, after paying the prescribed condonation fee. Kindly note the following norms and guidelines:

- Medical certificates submitted late or immediately before the Semester-End Examinations will not be accepted.
- Certificates for minor ailments such as cold, cough, or fever will not be considered valid for condonation.
- Medical leave cannot be treated as On-Duty (OD) or regular attendance; it is only applicable for condonation in cases of attendance shortage, namely attendance between 65% and 75%.
- If a student is seriously ill, they must consult the Head of the Department (HoD) and the Vice-Principal / Principal to request the option of attending online classes to maintain their attendance percentage.

Marks are allotted for attendance to encourage students to attend classes regularly and to engage themselves in an ongoing learning

process. The allotment of marks follows the scheme outlined below:

Attendance (%)	Marks	Attendance (%)	Marks
75.1 – 77.5	1	87.6 – 90.0	6
77.6 – 80.0	2	90.1 – 92.5	7
80.1 – 82.5	3	92.6 – 95.0	8
82.6 – 85.0	4	95.1 – 97.5	9
85.1 – 87.5	5	97.6 – 100	10

**Note 1:** Attendance can be tracked through the ERP system. It is the **responsibility of both the student and the parent/guardian** to monitor it regularly. In case of any discrepancy regarding attendance, it is the responsibility of the student to get it rectified by contacting the HoD / Block In-charge / Vice-Principal / Dean concerned. The semester-wise attendance report will be submitted to the CoE office by the Vice-Principal in charge of attendance before the meeting for the publication of CIA results, as scheduled in the academic almanac.

**Note 2:** Attendance percentage for practical courses is calculated by the respective faculty based on the number of practical sessions attended, and the marks are allotted based on the above-mentioned scheme.

**Note 3:** The faculty member handling the course will clearly communicate to the students the marks secured in each component of the Continuous Internal Assessment (CIA). Students are responsible for reviewing their CIA marks and getting rectified any discrepancies immediately after the results are shared. No rectification of marks will be considered after the publication of CIA results by the CoE office.

**Note 4:** No improvement/supplementary examinations are conducted for CIA components.

## **2. Re-examination norms for absentees (CIA):**

In principle, there is no provision for re-mid examination. However, under extraordinary circumstances such as an accident, grave illness, or death in the family, and for genuine reasons, the Principal/Vice-Principal may, at their discretion, decide whether to permit a re-examination on a case-by-case basis.

absence from the examination must be obtained. The decision of the Principal/Vice-Principal is final and binding.

To apply for a re-examination, the student, along with their parent or guardian, must approach the Vice-Principal with all necessary supporting documents. The Vice-Principal, in consultation with the Dean and the Head of the Department concerned, will analyse the case and forward it to the Principal. CBCS provides a student-centric and flexible approach to higher education. The key features of this system are as follows:

- i. **Credit-Based Structure:** Each course is assigned credits based on the number of instructional hours. Typically, one credit corresponds to one hour of lecture per week, or two hours of practical or laboratory work per week.
- ii. **Grading System:** A 10-point letter grading system is used to evaluate student performance, with grades like O, A, B, C, D, E, and F awarded based on the marks obtained. The following table provides the criteria for awarding grades and the grade points based on the marks obtained.
- iii. **Semester Grade Point Average (SGPA):** SGPA indicates a student's academic performance in each semester. It is calculated by dividing the total credit points earned in that semester by the total number of credits registered for.
- iv. **Cumulative Grade Point Average (CGPA):** CGPA reflects the overall academic performance across all semesters of the programme. It is the weighted average of the SGPA values obtained in each semester (typically across 6 or 8 semesters, depending on the programme).
- v. The computation of SGPA and CGPA can be mathematically represented as follows:

Range of Marks	Grade Letter	Grade Points
85% and above	O	10
70% to 84%	A	09
60% to 69%	B	08
55% to 59%	C	07
50% to 54%	D	06
40% to 49%	E	05
Less than 40%	F	00
