## ABOUT US

The B.Com (Hons.) Strategic Finance Department at Loyola Academy, Alwal, is designed to nurture future-ready finance professionals with a strong foundation in commerce, strategic thinking, and technological integration. The Department stands as a pioneering initiative to modernize commerce education by blending traditional financial principles with contemporary industry practices. Rooted in academic excellence and Jesuit values, the department equips students with analytical, technological, and managerial skills essential for navigating today's dynamic financial landscape. The curriculum is carefully mapped to program outcomes, integrating subjects such as corporate strategy, financial analytics, investment planning, and emerging technologies like AI and FinTech.

B.COM {HONS}  
STRATEGIC FINANCE

## Vision

To be a center of excellence in commerce and finance education that integrates strategic thinking, technological innovation, and ethical leadership, empowering students to become globally competitive professionals and socially responsible citizens.

## Mission

- To deliver a rigorous and industry-aligned curriculum that blends financial expertise with strategic decision-making.
- To foster analytical, creative, and critical thinking skills through outcome-based education and experiential learning.
- To integrate emerging technologies such as FinTech, AI, and data analytics into finance education for future-ready graduates.
- To nurture values of integrity, service, and social responsibility in line with Jesuit educational principles.
- To prepare students for leadership roles in corporate finance, investment, and entrepreneurship, contributing to national and global progress.
