Enquiry committee Report on the Grievance of Golden Jubilee Magazine

On18th February 2026, Grievance cell received two Written complaints, one from the college Head Boy Mr. Alan Antony and another from the Head Girl Ms. Shravya saying that their writeups are not included in the college Golden Jubilee Magazine which is a milestone year of the college history.

In their complaint they expressed that "during hectic preparation for college cultural fest Resonance we submitted a writeup to represent the entire student community voice/feelings of the campus in general only the initiation of Dr. Shivali Sharma the Editor -in Chief of magazine. After the release of the magazine, when we approached madam to enquire that why the head boy and head girl write ups are not published , first time madam said that there is no place to publish their content and second time she said your contents are AI generated stuff so we didn't publish. In the entire thing what we understood that madam purposefully didn't include both of our writeups in the Magazine".

Based on the Head boy and Head girl complaint, the Grievance Cell coordinator Dr. Ratna Vani constituted an enquiry committee consists of five members headed by the Principal Fr.Dr.N.B.Babu SJ on 20th feb2026 and sent official message to Dr. Shivali , the Head boy and Head girl to attend before the committee to express their views about the issue.

Dr. Shivali said that the writeups are thoroughly checked by the magazine committee, since those two contents are generated by **AI** hence, we did not include in the magazine, and she has given the same statement in the written form also.

But Head boy and head girl brought some of the proofs that other articles /write ups that are included in magazine are having 85%-90% Plagiarism and AI Impact and they also argued that the college magazine committee had included the junior college Head boy and head girl write ups but they did not include the UG & PG student representatives purposefully , this act of the magazine committee makes us feel degraded and an act of Insult .

After listening to both the views, the enquiry committee members had given report in the following points.

1.The contents of Head boy and Head girl should have been considered by the Magazine committee by giving them a chance to rewrite their content if there is plagiarism because they are the representatives and leaders of the student community. Moreover the magazine committee chief editor initially asked the student leaders to submit their views about college to include in Magazine but failed to do that.

2 Student leaders (Head boy and Head Girl) spend most of their time working for the college to organize many academic and extracurricular activities.

3.The enquiry committee also observed that the magazine committee has approved and published some students write ups/articles more than once and the articles of one or two departments are given more priority to publish in the Magazine. The research papers which are based purely on secondary data has published in the Magazine that caused many students to grumble on the attitude of the Magazine committee.

4. The committee recommends that The Magazine committee must include the write-ups of Head Boy & Head Girl in a special addition. College cannot Ignore the voice of student Leaders who are the main Pillars and stake holders of the Institution.
